SMART is Back in Schools!

After more than two years, the 2022-23 school year brought a much-anticipated return to in-person reading! Volunteers and students connected through books in our traditional one-on-one model and through Classroom SMART, a popular and effective pandemic adaptation where a volunteer leads interactive read-alouds for a whole classroom.

It also marked our first year as a merged organization with the Children’s Book Bank. The Book Bank's sustainable model of collecting, refurbishing and redistributing community-donated books presents exciting opportunities to reach kids in new ways and we've begun exploring opportunities to expand to other communities in the coming years.

In the 2023-24 school year, we expect to reach over 21,000 students, including 800 locally. With kids continuing to experience negative ripple effects of the pandemic, we need our community by our side as we continue to spark joy and opportunity through the magic of a shared book.

At the end of each year, SMART Reading surveys educators and families to gain insights about SMART’s impact on their students. The feedback is overwhelmingly positive, revealing significant benefits for participating children. The data below reflects feedback on our One-to-One SMART model.

- **89%** of kids showed improvement in reading motivation
- **87%** of kids showed improvement in overall reading performance
- **88%** of kids showed improved reading enjoyment
- **87%** of kids showed improvement in reading comprehension
- **96%** of educators feel that SMART positively impacted their students and school community
- **94%** of families feel that their child benefited from participating in SMART
- **94%** of educators feel that SMART positively impacted their students and school community

"The staff and reading volunteers are so wonderful to work with. They share their love of literacy and great books with our first graders. We are so appreciative of their time, guidance and support."

- Teacher, Hood River County
